Theodore Clevenger Undergraduate Honors Conference
86th Annual SSCA Convention – April 6-10, 2016 – Hyatt Regency, Austin Texas

The 26th annual Theodore Clevenger Undergraduate Honors Conference (UHC) will take place during the Southern States Communication Association meeting in Austin, Texas, April 6-10, 2016. The UHC provides an opportunity for outstanding undergraduate students and faculty to discuss current projects and ideas about future communication research. The goals for the UHC include supporting excellence in undergraduate scholarship and providing opportunities for participants to network and exchange ideas with other communication scholars and to explore opportunities for graduate study.

Undergraduate students are welcome to submit papers for the UHC on any topic relevant to the study of human communication. Past conference participants represent a wide range of colleges and universities from the southern states region and beyond. The topics of papers presented have also been diverse, including rhetorical, social science, humanistic, critical, and performance-oriented approaches to the study of communication.

NEW THIS YEAR: For the first time, on a pilot basis, the UHC will include one panel devoted to original digital projects that are research based, demonstrating, illustrating, or interrogating aspects of rhetorical, media, and/or communication theory and practice. Submissions must adhere to the stipulations for projects indicated below.

Any student who is currently enrolled as an undergraduate student is eligible to submit a paper (or digital project), but only ONE submission is permitted per student. In the case of multiple-authored papers or projects, one student must be designated as the submitting/presenting author, and no student may present more than one paper or project. Submissions from anyone other than the author(s) will disqualify the paper or project from review. **Please note that submission of a paper or project implies the author's commitment to register for and attend the conference if selected.**

Papers must be double-spaced in 12-point font and formatted with one-inch minimum margins. Submissions should not exceed 25 pages (including all references, figures, tables, and appendices), should avoid sexist language, and should include an abstract of 100-150 words. The identity of the author(s) or institution should not appear anywhere in the paper.

Projects and their length must conform to one of the following two stipulations: Either 1.) the entire project can be attached to an email and sent via Gmail (not shared through Google Drive but actually attached to the email itself) OR 2.) the author(s) shall prepare a written description of the project and provide screen shots of the project in a Word file, following the submission guidelines indicated below. If

the author(s) choose to follow this second option, the written description should follow the stipulations for papers indicate above.

Please note that powerpoint presentations are not acceptable as digital projects. Instead, digital projects could include things like the development of a short film, video, animation, interactive website, etc.

All submissions must be original and cannot have been previously presented at an SSCA Undergraduate Honors Conference.

The deadline for submission to the UHC is December 14, 2015.

Papers should be submitted by the author(s) in MS Word format to Dr. Victoria J. Gallagher, NC State University, as an email attachment to vgallagh@ncsu.edu. The subject line of the email should contain the phrase "UHC Paper Submission" and the name of the student designated as the presenting author.

Projects should be submitted as an attachment to an email OR as an MSWord file containing the project description and screen shots. The subject of the email should contain the phrase "UHC Project Submission" and the name of the student designated as the presenting author.

The email message of submission (for either paper or project) should have two files attached:
